

# Local businesses are invited to attend a Local Buying Program Update & Information Session

**BHP Billiton would like to invite local businesses in Muswellbrook, Singleton and Upper Hunter Shires to an update and information session on the Local Buying Program at Mt Arthur Coal.**

The Local Buying Program was launched on 1 March 2016 and has already provided opportunities for local businesses with less than 25 full-time employees to competitively supply goods and services to BHP Billiton's Mt Arthur Coal mine.

The update and information sessions will provide information on 'how to register' for businesses not yet registered, as well as information on 'how to manage your work space', 'quoting effectively' and 'increasing your visibility at Mt Arthur Coal' once you are registered.

For further information on the Local Buying Program, please visit [www.localbuying.com.au](http://www.localbuying.com.au)
