

The **Local Buying Program (LBP)** in South Australia provides opportunities for small business in the eligible regions to competitively supply goods and services to **BHP's Olympic Dam**. The LBP commenced in South Australia in October 2017 and is delivered in partnership between BHP and C-Res. **C-Res** is a cost neutral entity that proudly continues to deliver the LBP across all BHP Minerals Australia assets nationwide.

Since Commencement (2017): Approved Spend **\$2,014,553** | Average Payment Days **12.7** | Approved Work Opportunities **173**

Local Buying Program Engagement Highlights

In South Australia, C-Res and the Local Buying Program actively participate in and support business initiatives and events which focus on building business capacity and capability. Attendance at the monthly Roxby Downs Business Forum and relevant networking events, provides the opportunity for C-Res Business Engagement Advisor, Lauren Crighton, to engage with local suppliers and the broader business community.

C-Res is committed to providing essential onsite support by facilitating regular User training sessions at Olympic Dam to assist BHP employees with navigating the website and promoting the benefits of using the program. The C-Res team also assisted BHP at the annual Global Maintenance Upper Spencer Gulf Trade Expo held in August, raising awareness of the Program amongst members of the business community and engaging with suppliers requiring assistance.
